**ALL NEW! Essentials of
Fetal Monitoring 4th Edition**

c. 2011 with Home Study Unit

(13 contact hrs, 60 minutes = 1 contact hr)

\$144.00

Over 85% of pregnant women entering labor and delivery floors undergo fetal monitoring, so it is essential that nurses in this field be well-versed in the signs of fetal well-being and compromise obtained from FHR monitoring. Dr. Michelle Murray has created this workbook to provide a complete guide to fetal monitoring, useful for any nurse currently working in a labor and delivery setting and those just starting their studies. You will not find a more essential volume on this topic, covering almost all issues you will encounter.

Labor and Delivery Nursing: A Guide To Evidence-Based Practice

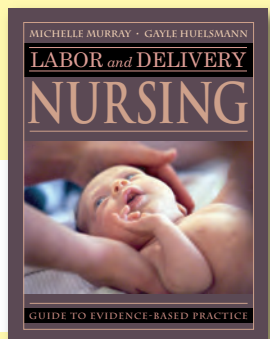

with Home Study Unit

(13 contact hrs, 60 minutes = 1 contact hr)

\$154.00

*“The best one-stop reference book for the experienced and novice
Labor and Delivery RN... Finally an excellent Labor and
Delivery book by RNs, for RNs.”*

— Garla DeWall, RNC Presbyterian Hospital in the Family Birthing Center
Albuquerque, New Mexico

Murray and Huelsmann present this clinically oriented guide to help labor and delivery nurses make wise decisions in the delivery room. The authors provide a wealth of insight on how to maximize both maternal and fetal outcomes. This book provides authoritative guidance on intervention options, creation of patient-centered plans of care, and improved communication with other members of the obstetrics team. With this book, nurses will gain the confidence and competence to approach labor and delivery challenges with care and efficiency.

**Complete and mail the attached order form
or order online at www.fetalmonitoring.com**

Also available online: Monographs, pocket guides,
a Tool Kit and a NEW stork/baby **BLING** pin.

ABOUT THE SPEAKER

AFM 2012 was created by Dr. Michelle L. Murray then modified jointly with Charlotte Daniels RNC, BA. Char Daniels brings 25 years of expertise in labor and delivery. She has worked in the birthing center at a Level II Chicago suburban hospital. Char has been responsible for various aspects of maternal and newborn care, including antepartum testing, labor and delivery, operating room, postpartum and newborn care.

In addition to her clinical work, Char has provided legal nurse consultant services for both the plaintiff and defense for more than 15 years. Char is well-versed in obstetric nursing and she is able to provide real-life examples as a result of her experiences.

Learning Resources International, Inc. is excited to have Char Daniels as a speaker. Her commitment to her practice specialty is demonstrated through her active memberships with the Association of Women's Health, Obstetric & Neonatal Nurses and the American College of Obstetricians and Gynecologists as an Educational Affiliate. Ms. Daniels is certified in electronic fetal monitoring and inpatient obstetric nursing.

ACCREDITATION AND CONTACT HOURS

This offering is in accordance with the continuing education standards of the American Nurses' Credentialing Center Manual for Accreditation as a provider of continuing education in nursing and the Manual for Accreditation. This offering is approved by the Iowa Board of Nursing (Provider Approval #354) for 7.8 contact hours, by the Florida Board of Nursing (Provider #50-7546) for 6.5 contact hours, and by the California Board of Nursing (Provider Approval #14840) for 6.5 contact hours. Consult your State Board of Nursing for contact hour requirements. Each 1 day offering provides 7.8 contact hours when using the 50 minutes = 1 contact hour rule and 6.5 contact hours when 60 minutes = 1 contact hour. All participants should retain this certificate in their personal files for at least 4 years.

Certified Nurse Midwives: ACNM credit for AFM Update 2012 (Program #2011/040) for 6.5 contact hours (0.65 CEUs).

THE DAY OF THE CONFERENCE

As you know, some hotel meeting rooms may be too hot or too cold, so please dress in layers. We have made every attempt to keep your costs down yet provide you with an excellent learning environment and sleeping conditions. If you have special learning needs, please describe them in an email to us at www.FETALMONITORING.com or www.OBCEUs.com or send us a fax at (505) 294-2635 or call us at (505) 294-2600 so that we may accommodate your special needs.

Advanced Fetal Monitoring Update 2012

TIME AGENDA

07:30-08:30	Registration and Light Breakfast (Coffee/Tea/Pastries) (Provided by LRI)
08:30-09:45	Cardiotocography Equipment: Changes and Limitations Analyze This! Complex Tracings and Patterns... Test Your Skill!
09:45-10:00	Break
10:00-12:00	Chronic Hypoxia and Acute Asphyxia: What's Going on in There?
12:00-13:00	Light Lunch (Provided by LRI)
13:00-14:15	Standardized Management and Communication: The "Colors" of Fetal Status
14:15-14:30	Soda Break (Provided by LRI)
14:30-16:30	Thinking Outside the Box: Complex Tracings and Management

KEY COURSE OBJECTIVES

- By the end of this 1-day seminar, you should be able to:
1. Recognize electronic fetal monitor performance issues such as double counting of the fetal and maternal heart rates.
 2. Differentiate maternal heart rate patterns from fetal heart rate patterns.
 3. Explain twin offset activation and deactivation.
 4. Discuss coincidence alerts and the danger of alarm fatigue.
 5. Define chronic fetal hypoxia and acute fetal asphyxia.
 6. List 2 examples of FHR tracing characteristics associated with chronic hypoxia and fetal ischemia.
 7. List 2 examples of FHR tracing characteristics associated with acute asphyxia.
 8. Explain the maternal physiologic response following the infusion of an IV bolus.
 9. Discuss the role of oxygen supplementation and the minimal requirements to maximize fetal oxygenation.
 10. Identify tracing components and utilize a standardized management tool while analyzing 5 tracings.
 11. Identify 3 different fetal dysrhythmias.
 12. Discuss the expected change in the plan of care when there is a tachyarrhythmia, bradyarrhythmia, or irregular rhythm of the FHR.

OB Documentation & Legal Issues In OB Care

TIME AGENDA

07:30-08:30	Registration and Light Breakfast (Coffee/Tea/Pastries) (Provided by LRI)
08:30-09:45	For Nurses Only! Litigation Hot Spots and Anatomy of a lawsuit Why the nurse will ALWAYS be named
09:45-10:00	Break
10:00-12:00	Risk Management Strategies for every day use
12:00-13:00	Light Lunch (Provided by LRI)
13:00-14:15	Actual case studies/examples of documentation from real charts... believe it or not!
14:15-14:30	Soda Break (Provided by LRI)
14:30-16:30	13 is Your Lucky Number! Pearls to keep your patients safe and help you stay out of court

KEY COURSE OBJECTIVES

- By the end of this 1-day seminar, you should be able to:
1. Analyze the components of a medical malpractice suit.
 2. Illustrate the specific legal elements unique to obstetric nursing.
 3. Distinguish the "Hot Spots" of nursing liability.
 4. Compare and contrast between possible responses to high-risk obstetrical scenarios.
 5. Apply safety measures to develop and implement a multi-disciplinary approach to patient care.
 6. Discuss The Joint Commission guidelines on documentation.
 7. Recognize the common documentation mistakes that can lead to the implication of less than optimal patient care.
 8. Demonstrate how to document more objectively and subjectively.
 9. Explain how the chain of command can be implemented to enhance documentation.
 10. Incorporate available materials, periodicals, internet searches and additional resources to maintain an up to date practice to promote optimal patient safety.
 11. List ten strategies to enhance patient safety and minimize the risk of litigation.
